

HERE'S MY ROTARY NEWS TIP

(OPTIONAL)

From (name): _____ Rotary Club/District: _____
Grant type (MG, DSG, etc.): _____ Grant Number: _____
Date: _____

The Public Relations Department of The Rotary Foundation and Rotary International are always looking for success stories and action photos to publicize the good works of Rotarians around the world. Please attach copies of any local media coverage the project received, a detailed narrative of the project's implementation and success, as well as any action-oriented photos to this report (note that photos cannot be returned). Digital photos are preferred as long as they are high resolution photos (at least 300 dpi or 2 mega pixels). If we require any additional information for a publicity story, your club/district will be contacted.

Please note, not all news tips can be submitted to Rotary Publications. Only projects that clearly demonstrate active Rotarian participation from both the host and international partners will receive special consideration for publicity.

Brief description of person or event/project (including when and where it happened):

What do you think makes this event/project newsworthy or unique?

How were Rotarians (both host and international partners) actively involved in the implementation of the project?

Person(s) who can tell us more: _____
